Cuiding the ship through the storm
As we step deeper to the process of combining the two companies, the steering committee and myself feel we have done the right thing. I know that a lot have doubt the ability to harness these two steam engines into one, but much to my comfort we are surprising ourselves almost on a daily basis with the level of synergy we find. Answer: Absolutely, The new combined Offshore-Speedial product offering will give us a much stronger foothold in the high performance rigging. Expect new product lines to be announced shortly after the merger. (June 17, 2002) On our last milestone meeting [see video] we have managed to reach few critical decisions. These are laying the ground to a detailed business plan we will be presenting to you all next week. Obviously, not all the issues are resolved however I do urge you to view the latest decisions we published after our last meeting "Milestone 3 decisions" and...
